## GRAIN PENDANT 18

A larger version of our Grain Pendant 13 and Grain Pendant 16, the Grain Pendant 18 provides a deeper shade that obscures the bulb from view. The wooden tool, formed from four-inch thick maple, has been cut to showcase the wood's beautiful grain patterns, like a topographic map. Paired with a flared glass socket, the Grain Pendant provides a nice upward highlight as well.

### DIMENSIONS

18" x 18" x 6"

### DROP HEIGHT

6' Cloth-Covered Cord Standard

### BULB SPECS

E26 G25 LED 5W Frosted Included  
JA8 Compliant

### CERTIFICATION

UL  
CE Listed Upon Request

### VOLTAGE

120v/220v

### COLORWAYS

White & Aluminum  
Black & Brass

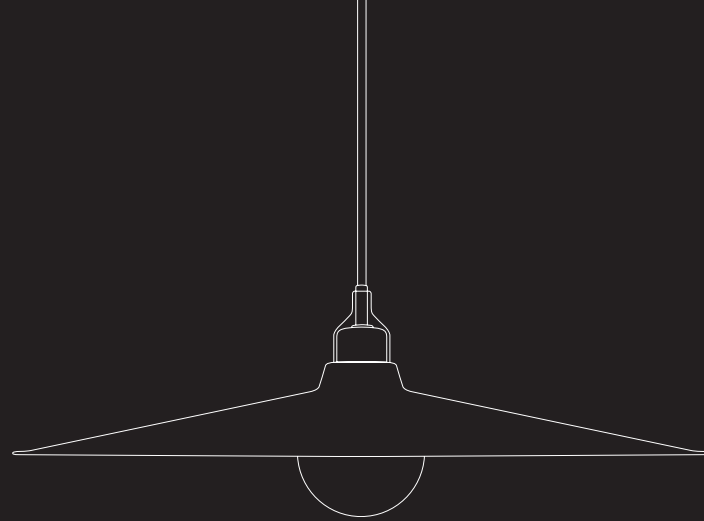

### LUMENS

480 Standard

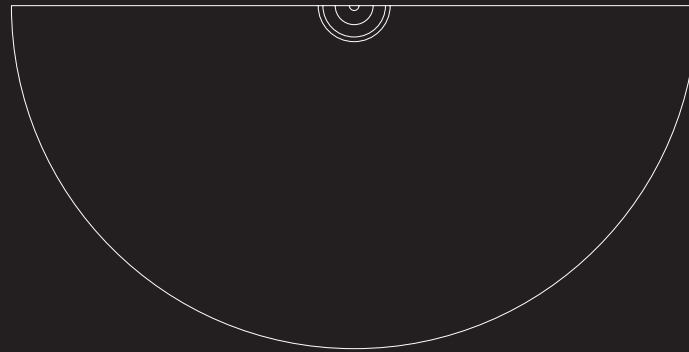

### DIMMABILITY

CL / Reverse Phase Dimmer  
Recommended Lutron Models:  
MACL-153M Maestro  
DVCL-153P Diva  
SCL-153P Skylark

## GRAIN PENDANT 16

This pendant is a study in materials and process. The aluminum shade is formed over a wooden mold that has been sandblasted to raise the wood grain. During the metal spinning process the patterns of the wood grain are impressed on the finished part. The shade is then suspended on a flared glass socket. The Grain Pendant 16 is designed to work perfectly with a Silver Tip G25 bulb, which reflects light up to illuminate the glass socket and accentuate the wood grain imparted on the metal shade.
