

# CORD SCONCE

An evolutionary descendant of Jean Prouvé's Potence Lamp, the Cord Sconce shows off just how simple and dramatic lighting can be. A pivoting arm is held in place by the tension of a cloth-covered electrical cord, which also discreetly hides the mounting screws. The ceramic hub is custom cast in Los Angeles and houses the lamp's electrical components. Perfect above a bedside table or beside a couch, the Cord Sconce stores flat against the wall and can be swung out to provide light where and when you need it. Available hardwired in 24" and 36" lengths.

## DIMENSIONS

2" x 24" x 6"  
2" x 36" x 6"

## WALL PLATE

4" x 6", Mounting Holes 2.75" Apart

## BULB SPECS

E12 G16.5 25W Frosted Included  
60W Max
