SLIDE 2 ARM 10

The Slide 2 Arm puts a finer point on the classic cone pendant. We achieved a purity of shape by using a side mounted brass arm that allows the shade to come to a point unaltered by hardware or finials. Doubling down on the sleek and simple design of our Slide Family, and using a refined palette of linen and brass, this pendant is well suited over bar tops and conference tables. Available in multiple drop lengths.

CARE | Clean lamp shade with compressed air, using a dry microfiber cloth or lint roller if necessary. Brass components can be cleaned using a soft, dry dust cloth, using gloves to protect wax finish.
