SLIDE DROP PENDANT 16

The Slide Drop Pendant descends elegantly on a bent brass arm that can be sized to a variety of lengths. The carefully scaled cone shade gives the impression of an equilateral triangle while actually coming to a point at 52 degrees. A versatile, the linen-clad shade connects to a brass arm through a pivoting joint that allows Slide Drop to be set at a variety of angles. Available in multiple drop lengths and customizable upon request.

CARE | Clean lamp shade with compressed air, using a dry microfiber cloth or lint roller if necessary. Brass components can be cleaned using a soft, dry dust cloth, using gloves to protect wax finish.
